Gut microbes altered...

Early-life exercise promotes healthy brain and metabolism

CU 12/29)—The human gut harbors a teeming menagerie of over 100 trillion microorganisms, and researchers at the University of Colorado-Boulder have discovered that exercising early in life can alter that microbial community for the better, promoting healthier brain and metabolic activity over the course of a lifetime.

The research, which was recently published in the journal *Immunology and Cell Biology*, indicates that there may be a window of opportunity during early human development to optimize the chances of better lifelong health.

"Exercise affects many aspects of health, both metabolic and mental, and people are only now starting to look at the plasticity of these gut microbes," said Monika Fleshner, a professor in CU-Boulder's Department of Integrative Physiology and the senior author of the new study. "That is one of the novel aspects of this research."

Microbes take up residence within human intestines shortly after birth and are vital to the development of the immune system and various neural functions. These microbes can add as many 5 million genes to a person's overall genetic profile and thus have tremendous power to influence aspects of human physiology.

While this diverse microbial community remains somewhat malleable throughout adult life and can be influenced by environmental factors such as diet and sleep patterns, the researchers found that gut microorganisms are especially "plastic" at a young age.

The study found that juvenile rats who voluntarily exercised every day developed a more beneficial microbial structure, including the expansion of probiotic bacterial species in their gut compared to both their sedentary counterparts and adult rats, even when the adult rats exercised as well.

The researchers have not, as of yet, pinpointed an exact age range when the gut microbe community is likeliest to change, but the preliminary findings indicate that earlier is better.

A robust, healthy community of gut microbes also appears to promote healthy brain function and provide anti-depressant effects, Fleshner said. Previous research has shown that the human brain responds to microbial signals from the gut, though the exact communication methods are still

501 N. Elizabeth, Pueblo, CO 81003
Case No. 15 DR 30118 Div. 403

SUMMONS TO RESPOND TO PETITION FOR ALLOCATION OF PARENTAL RESPONSIBILITIES

In re Parental Responsibilities concerning:
Minor Child:
LAYLA RAYANN LEYBA
Petitioner: CRYSTLE STIFFLER and
Respondent:
ANTHONY RAY LEYBA

To the Respondent named above, this Summons serves as a notice to appear in this case.

If you were served in the State of Colorado, you must file your Response with the clerk of this Court within 21 days after this Summons is served on you to participate in this action.

If you were served outside of the State of Colorado or you were served by publication, you must file your Response with the clerk of this Court within 35 days after this Summons is served on you to participate in this action.

You may be required to pay a filing fee with your Response. The Response form (JDF 1420) can be found at www.courts.state.co.us by clicking on the "Self Help/Forms" tab.

The Petition requests that the Court enter an Order addressing issues involving the children such as, child support, allocation of parental responsibilities, (decision-making and parenting time), attorney fees, and costs to the extent the Court has jurisdiction.

Notice: Colorado Revised Statutes §14-10-123, provides that upon the filing of a Petition for Allocation of Parental Responsibilities by the Petitioner and Co-Petitioner, or upon personal service of the Petition and Summons on the Respondent, or upon waiver and acceptance of service by the Respondent, an automatic temporary injunction shall be in effect against both parties until the Final Order is entered, or the Petition is dismissed, or until further Order of the Court. Either party may apply to the Court for further temporary orders, an expanded automatic temporary injunction, or modification or revocation under §14-10-125, C.R.S.

A request for genetic tests shall not prejudice the requesting party in matters concerning allocation of parental responsibilities pursuant to §14-10-124(1.5), C.R.S. If genetic tests are not obtained prior to a legal establishment of paternity and submitted into evidence prior to the entry of the final order, the genetic tests may not be allowed into evidence at a later date.

Automatic Temporary Injunction—By Order of Colorado law, you and the other parties:

1.] Are enjoined from molesting or disturbing the peace of the other party; and

2.] Are restrained from removing the minor child(ren) from the state without the consent of all parties or an Order of the Court modifying the injunction; and

3.] Are restrained, without at least 14 days advance notification and the written consent of all other parties or an Order of the Court, from cancelling, modifying, terminating, or allowing to lapse for nonpayment of premiums, any policy of health insurance or life insurance that provides coverage to the minor child(ren) as a beneficiary of a policy.

If you fail to file a Response in this case, any or all of the matters above, or any related matters which come before this Court, may be decided without further notice to you.

Date: April 28, 2015.

PUEBLO COMBINED COURT 10TH JUDICIAL DISTRICT Case No. 15 JV 411 Division 502
SECOND SUMMONS

THE PEOPLE OF THE STATE OF COLORADO,
In the Interest of ANGELINA DENAELA WOOD, Child,
And Concerning SHEILA WOOD, JOHN DOE, and any other person claiming any interest in or to the person, property, or custody of the minor child,
Respondents,

To the parents, guardian or other respondents named above, GREETING:

You are hereby notified that a verified petition has been filed in the above-named Court in which the Court is told that the above-named child(ren) is/are dependent or neglected as that phrase is defined by the Colorado Children's Code. Specific reasons are set forth in the Petition which is either attached hereto or, if this Summons has been published, can be found on file in the office of the Clerk of the above-named Court.

You are further notified that the Court has set the petition for **Setting on the 25th day of January, 2016, at 10:00 o'clock a.m.**, in the Pueblo County Judicial Building, 501 N. Elizabeth St., Pueblo, Colorado.

You are hereby notified to be and appear before this Court at that time to show cause why the petition should not be sustained, and why the prayer of the petition should not be granted. Your failure to appear and to deny the allegations of the Petition will be considered by the Court as a default and may result in a finding that the child(ren) is/are dependent and neglected.

The termination or loss of your parental rights and the loss of your right to raise your child or children is a possible remedy under this proceeding.

Witness my hand and seal of said Court this 23rd day of December 2015.

The National Institutes of Health (NIH) supported this research.
